

# **Stock Price Prediction With Relative Strength Index(RSI)**

Wireframe Documentation

# Homepage

We have only one section in stock market prediction with relative strength index's home page

- 1 First thing anyone will see a window for user input field such as RSI\_Crossed\_40, Rsi9m,EMA20,EMA20,EMA5 and a predict button after fill all columns click predict Button then result will display

## Enter Data for Prediction

RSI\_Crossed\_40:

rsi9m:

EMA20:

EMA5:

If the prediction is 0, then it fails; if it is 1, then RSI crossover will succeed.
